

NASUWT NOTICEBOARD PACK

Dear Colleague

We're pleased to enclose your updated NASUWT noticeboard pack – a practical tool to help you keep your union noticeboard clear, eye-catching and up to date.

A well-maintained NASUWT noticeboard is more than just a display – it's a vital way to:

- demonstrate the Union's presence and activity in your workplace;
- support recruitment and organisation by showing members and potential members that their union is active and effective; and
- keep colleagues informed about NASUWT's work locally, regionally and nationally.

Throughout the year, the Union produces a wide range of materials you can use to refresh your display and engage members. This pack includes key resources you can tailor to your setting and update as needed.

While there is no statutory right to facilities for union representatives (except in specific cases such as collective redundancies and TUPE), NASUWT has successfully negotiated access to noticeboards with most employers. Acas guidance also makes clear that employers should, where practical, provide union representatives with facilities that support effective communication with members and officers.

This leaflet includes suggestions on how to use the contents.

Thank you, as always, for the important work you do for our union and our members.

With best wishes

Matt Wrack

General Secretary, NASUWT
