Dear Member

### **Supporting NASUWT members in Gibraltar**

I write to send a message of support to all our members in Gibraltar.

The NASUWT recognises that this a time of deep concern and uncertainty for Gibraltarians following the EU referendum.

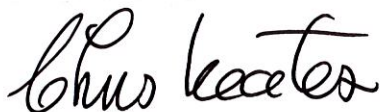

The NASUWT recognises the unique and particular challenges Gibraltar will now have to face. I want to assure you that the NASUWT will provide, through its national and international links, whatever support we can in order to help protect the interests of members in Gibraltar.

The NASUWT is proud to be working in Social Partnership with the Government of Gibraltar. In uncertain times this will be an important forum to address the challenges our members may face.

The NASUWT will keep all the issues under close review and will be in regular contact with your Officers to ensure we are fully aware of the concerns and issues and provide appropriate support, advice and representation.

Best wishes.

Yours sincerely

Chris Keates (Ms)  
**General Secretary**
